TERM & COVERAGE

This Lifetime Powertrain Limited Warranty issued to the vehicle purchaser listed above, hereinafter referred to as "You," applies only to the vehicle described above, cannot be transferred, and expires the instant the vehicle is sold or traded. If a malfunction, defect, or failure occurs in a covered component, the Warrantor will pay for the repair or replacement of the covered item, subject to the terms and conditions listed herein. Covered components are only those components designated by the manufacturer as "Powertrain" components.

DEDUCTIBLE

All repairs performed under this Warranty have a \$100 deductible per visit. However, in the event Your vehicle is repaired under the manufacturer's powertrain warranty or certified powertrain warranty, the Warrantor will reimburse You for any deductible incurred from the manufacturer's repair.

LIMIT OF LIABILITY

The Warrantor's liability per repair visit, under any circumstances, will not exceed the NADA "clean trade-in" value of Your vehicle immediately prior to breakdown. The total of all benefits paid or payable under this Warranty will not exceed the price You paid for Your vehicle (excluding tax, title and license fees). The Warrantor's liability for incidental and consequential damages including, but not limited to personal injury, physical damage, property damage, loss of vehicle use, loss of time, inconvenience and commercial loss resulting from the operation, repair, maintenance or use of this vehicle is expressly excluded.

VEHICLE MAINTENANCE & RECORDS

MAINTENANCE REQUIREMENTS: To obtain the benefits provided by this Lifetime Powertrain Limited Warranty, You are required to provide maintenance to covered components at a licensed repair facility in accordance with what is recommended by the manufacturer of Your vehicle. In addition, You must retain copies of all repair orders/receipts for all maintenance and repairs. All documents must contain the year, make, model, complete Vehicle Identification Number, and the current mileage of the vehicle. Handwritten receipts are not acceptable. Failure to provide proof of required maintenance may result in denial of coverage.

MAINTENANCE RECORD RETENTION: If You return Your vehicle to the Selling Dealer for all maintenance and repairs, Your Selling Dealer will not only properly maintain Your vehicle as recommended by the manufacturer, but they will also retain copies of Your maintenance records to assure proper record retention.

5 YEAR INSPECTION: To retain this Lifetime Powertrain Limited Warranty, You are required to return to the Selling Dealer once every five (5) years for a complimentary powertrain inspection. This inspection must be performed within sixty (60) days of each five (5) year anniversary, which begins on the vehicle date of sale.

WHAT IS NOT COVERED

This Lifetime Powertrain Limited Warranty does not apply to any of the following:

- Any repair that has not received prior authorization from the Warrantor.
- Any component not designated as a "Powertrain" component by the manufacturer of Your vehicle.
- Any vehicle with a branded title (e.g. salvage, junk, rebuilt, total loss, flood, fire, or gray market).
- Any vehicle that has been repurchased by or had its price renegotiated with the manufacturer
- Any vehicle that has had the manufacturer's warranty revoked, voided, or cancelled; or any vehicle that never came with a manufacturer's warranty.

WHAT IS NOT COVERED (CONTINUED)

6. The gradual reduction in component performance through normal or excessive usage. The repair or replacement of engine valves, valve guides, valve seals, and/or piston rings, if the purpose of such repair(s) is simply to raise the compression of the engine, increase performance, or to reach acceptable oil consumption is not covered.
7. The replacement or repair of any covered part that is within the allowable tolerances prescribed by the manufacturer or that is able to perform the function(s) for which it was designed.
8. Damage due to the alteration, modification, or use of Your vehicle in a manner not recommended by the manufacturer, including the use of "non-stock" or modified parts.
9. Any mechanical breakdown that is covered by an insurance entity, the manufacturer's warranty or recall, or any component with a warranty or "repairer's guarantee" through a repair facility. Additionally, if an insurance entity, the manufacturer, or repair facility notifies You that they will monetarily participate in a repair that has been authorized and paid by the Warrantor, then the Warrantor will exercise the right to recover the respective amount.
10. Any vehicle with an odometer that has been tampered with, altered, disconnected, or not maintained.
11. Repairs caused by Your failure to provide the proper maintenance to the failed part or parts.
12. Repairs caused by overheating, contamination, or inadequate amounts of fluid.
13. Repairs, breakdowns, or defects resulting from collision, abuse, or negligence.
14. Cosmetic damage or cosmetic related repairs (e.g. scratches, nicks, dents, or tears).
15. Seals/gaskets and fluids, unless required in connection with the repair or replacement of a covered part.
16. Maintenance services and parts prescribed in the manufacturer's maintenance schedule for Your vehicle. NOTE: During the term of this Warranty, it may become necessary to (a) replace spark/glow plugs and wires, emission control valves, timing belts, and filters; (b) adjust belts, ignition, transmission bands, or clutch system; (c) clean fuel and cooling systems, or remove sludge or carbon deposits; and (d) maintain or replace items not specifically covered under this Warranty. These aforementioned services and replacements are required because of normal wear and usage—they are Your responsibility. Costs for these services and parts are not covered by this Warranty.
17. The repair or replacement of the following: (a) exhaust system components and catalytic converters; (b) tires, wheels/rims, and shock absorbers; (c) fasteners, nuts, bolts, clips, screws; (d) brake linings, rotors, and drums; (e) hoses, molded rubber, and rubber-like items; (f) clutch disc and linings, clutch pressure plate, clutch throw-out bearings, pilot bearings; or (g) bent shift forks, and stretched timing chains.
18. Any expenses that are associated with shop supplies, materials charges, hazardous waste charges, diagnosis time (where a covered mechanical breakdown has not occurred), freight charges, or storage charges.
19. Vehicles used for commercial purposes, plowing snow, competitive driving, municipal services, professional emergency services, police services, hire to public, to transport people for hire, or for towing a trailer whose weight exceeds the manufacturer's recommendations.
20. The repair or replacement of any covered component that has been damaged by a non-covered component or from an improper repair.
21. The repair or replacement of any non-covered component damaged as a result of the failure of a covered component.
22. Repairs or replacements made outside the contiguous United States or if the Vehicle is registered outside the contiguous United States.
23. Any component or part of a component that enables a vehicle to be propelled by any source of power other than gasoline, diesel fuel, or E85 ethanol. In addition, components exclusive to any of the following: Hybrid Vehicles, Plug-in Hybrid Vehicles, Electric Vehicles, Extended-Range Electric Vehicles, or Hydrogen-Powered Vehicles. In addition, the Hybrid Battery is not covered in any instance.

WHAT TO DO IF YOUR VEHICLE SUSTAINS A MECHANICAL FAILURE

1. Take immediate action to protect the vehicle from further damage. This may require You to stop the vehicle, turn off the engine, and have the vehicle towed. Any damage resulting from the continued operation of an impaired vehicle will constitute failure to protect Your vehicle and will not be covered.
2. Make every effort possible to return Your vehicle to the Selling Dealer for covered repairs. If it is not reasonably possible to return Your vehicle to the Selling Dealer for covered repairs, then You may take the vehicle to the licensed Auto Dealer of Your choice.
3. Present this Warranty and proof of all maintenance as expressed under "VEHICLE MAINTENANCE & RECORDS" to the repair facility.
4. Ensure that the repair facility contacts the Warrantor for instructions prior to any repair. The Warrantor can be reached toll free at 1-866-315-1334.

NOTE: You are responsible for making sure the oil warning light/gauge and the temperature warning light/gauge are properly functioning before You operate the vehicle.

WHAT THE WARRANTOR WILL DO WHEN A CLAIM IS REPORTED

The Warrantor will determine the extent of coverage, subject to the terms and conditions of this Lifetime Powertrain Limited Warranty. Towards this end, the Warrantor will verify the failure with the repair facility, verify coverage and the cost of the repair, and authorize the claim for any powertrain components that fail within the guidelines listed herein (Please see "WHAT IS NOT COVERED" and be aware that claims are not approved unless authorization numbers are given to the repair facility).

NOTE: (1) At the sole discretion of the Warrantor, failed parts may be replaced with new parts, remanufactured parts, or with used parts of like kind and quality (LKQ). (2) The Warrantor reserves the right to inspect Your vehicle to verify a failure(s). In the event the Warrantor determines that a repair in question is not a covered repair, then You are responsible for any cost incurred. (3) Regarding payment, all charges are subject to the Warrantor's approval and will not exceed either the manufacturer's suggested retail (list) price for parts or the labor allowances derived from industry recognized flat-rate manuals. The maximum dollar amount per labor hour will not exceed \$80, unless approved in advance by the Warrantor.
