

Benefit for Nancy Clark-Antonucci

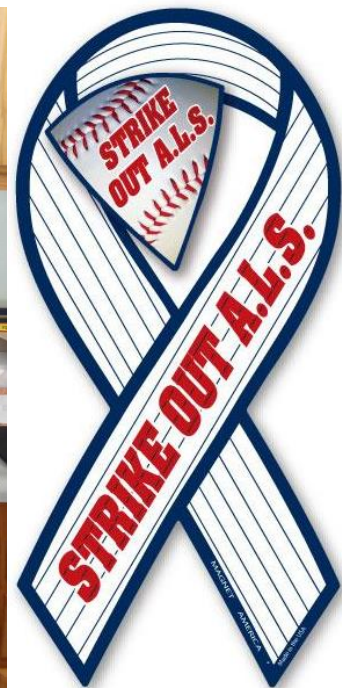

Help Nancy and her family strike out Lou Gehrig's Disease

Sunday, June 2nd @ 12 p.m. - ???

Mexico VFW Pavilion, 5931 Scenic Ave, Mexico, NY

Raffles, Food, Drinks, Music & More!

Suggested donation: \$10. Anything is appreciated.

ALS is a very rare disease with no clearly known cause or cure. While your mind stays sharp, you begin to lose your ability to walk, talk, and ultimately breathe as your cells and muscles degrade. Nancy was recently approved to receive groundbreaking scientific treatment in South Korea. This treatment has been shown to slow the onset of the disease's worst symptoms and in some cases, slightly reverse them.

Please help her family with medical and travel expenses.

For more information, contact Carol (315) 963-7957
